Prescription Benefit Solution

"Over the next decade, the Centers for Medicare and Medicaid Services projects that retail prescription drugs will be the fastest growing healthcare category and will consistently outpace that of other healthcare spending"

PRESCRIPTION DRUG SPENDING IN THE U.S. HEALTHCARE SYSTEM, AMERICAN ACADEMY OF ACTUARIES, MARCH 2018

The current insurance company and PBM model has stacked the deck against you and is likely costing you 30-50% more in your Rx spend!

What does that mean to you?
Potentially hundreds of thousands or millions of dollars annually!

The Old Paradigm

The existing PBM model is broken and substantial conflicts of interest exist which drive up the cost of prescription drugs. Let us show you how the current Insurance and broker model have cost you substantially more.
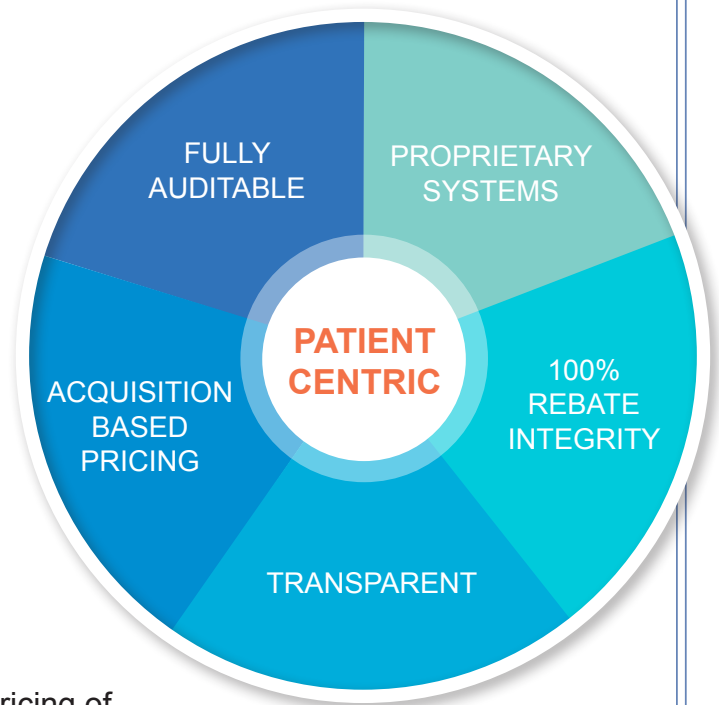

A New Paradigm

We can help you transition to a completely new approach by:

1. Divesting ALL Conflicts of Interest
2. Eliminating use of Average Wholesale Price (AWP) model
3. Removing Spread Pricing
4. Creating 100% Rebate Pass Through
5. Enabling Greater Strategic, Fiduciary Decisions
6. Providing Fully Transparent, Trackable & Auditable Metrics
7. Knowing Your True Net Cost

Let us provide you with a Claim-by-Claim repricing of your actual claims using our exclusive data analysis system.

PATIENT CENTRIC
